Management System Certification

The scope of accreditation represents the board classifications granted by the *Accreditation Service Board for Certifying Bodies - ASBCB* on the basis of the management system certification processes demonstrated by the certification body (CB). Accreditation is based on the competence and ability to effectively apply the requirements of the relevant certification standards listed in the CB's scope of Accreditation. Under the conditions of accreditation, the accredited body is required to use equivalent conformity assessment processes as demonstrated during the accreditation review process and covering the specific scopes as listed for all clients.
